Systematic organisation

The ERMIS<sup>®</sup> sterilisation baskets and trays allow you a systematic organisation of your entire instrument sterilisation. The comfortable handling and diversity of our products provides safety and control through all fields of applications in the sterilisation.

Storage and transportation are perfectly organised with our baskets and trays. Our stainless steel and aluminium sterilisation baskets and trays are conform to the international standard requirements. Any changes or adjustments in your requirements are no problem due to our extensive range of products.

News & Benefits

(2 mm)  
40%,

Ultra fine punch pattern side panel ( 2 mm) guarantee a permeability of more than 40% that results in an extremely good washing and sterilisation process.

The fine punched side panel prevents injuries caused by sharp and/or fine instruments and prevents instruments from damage.

The top rim is comprised of a plasma-welded top wire. This finish guarantees simpler cleaning, thus improving the hygiene.

**AISI 304 L**

The baskets are made from INOX AISI 304 L stainless steel, which is finished by electrolytic polishing. The composition of the material is verified by an external centre of expertise.

The design of the basket precludes hollows or cavities in which dirt could accumulate. The baskets are completely free of welding burrs, openings, distortion of wires or weld discolouration.

Stainless Steel Screen Baskets

Unsere Siebkörbe können auch mit dem speziell für die medizinischen Anwendungen angefertigten Colorit Dual eingefärbt werden. Diese farbliche Markierung dient der Arbeitserleichterung. Zusätzlich kann bei Bedarf ein Chip für die Dokumentation eingesetzt werden.

Gerne erstellen wir auf Anfrage ein Angebot nach ihren Wünschen.

Our wire baskets can also be coloured with Colorit Dual which is produced especially for medical applications. This coloured marking serves as facilitation of the work process and additionally if required a chip can be applied for the documentation.

If you have any further inquiries please do not hesitate to contact us. We would be happy to be of your further assistance.

The lids of the stainless steel screen baskets are provided with a quick closure system that allows an easy handling with only one hand.
